

## **DIAG-ALFA -23**

**New 2023 software update for Alfa Romeo.**

**The usage modes have remained unchanged, with this update it is possible to program a new key for the ALFA ROMEO stelvio \ giulia \ tonale models.**

**Even with the new dealer update the diagnostic device is able to produce a new working vehicle key even for all lost keys. Operation time for learning a new key is about 30 seconds.**

**Car list:**

**-STELVIO from 2016 to 2023+ all versions (petrol \ diesel \ quadrifoglio \ gta \ gtam)**

**-GIULIA from 2016 to 2023+ all versions (petrol \ diesel \ quadrifoglio \ gta \ gtam)**

**-TONALE from 2020+ all versions (petrol \ diesel \ hybrid)**

**we do not guarantee operation on the Giulia and Stelvio restyling models (new 3-light headlight) as it has not been tested but it is probable to operate.**

**for the TONALE model we guarantee operation on the first versions from 2020+, as the most recent models have not been tested but they are probable to operate**
